

June 15, 2016

Dear Arlington School Board,

The Randolph Elementary School community was devastated to learn this week that Superintendent Murphy, with the approval of the School Board, has decided to reassign Principal Renée Bostick.

We are deeply concerned about the effect of this decision on Randolph's students and families. Mrs. Bostick truly represents the heart and soul of Randolph Elementary School. Over the past twelve years, she has worked tirelessly to support student achievement, to welcome families from all parts of the globe and all walks of life, to provide a positive environment for students to flourish, to hire and support extraordinary staff, and to build an engaged Randolph community. She has simultaneously led a Title I school with a diverse student population and an IB curricular program. Mrs. Bostick's integrity, depth of commitment, humility, respect for all, and understanding of the Randolph families are remarkable attributes.

This decision was handed down abruptly, with no acknowledgment of Mrs. Bostick's significant contributions, with little explanation, and with no apparent consideration of the impact on Randolph's students, families, and staff. The only rationale provided for the decision was "test scores."

We firmly believe that the leadership of an elementary school should be judged on a wide range of factors, with student achievement being a critical, but not sole, element. We further believe that student achievement should be measured by more than scores on standardized tests. For a community like Randolph, with a significantly high number of students who are ESL learners, with a disproportionately high FARMs rate (compared with other Arlington elementary schools), and with a noticeably transient community, there are many factors which complicate the measurement of student performance. In fact, Virginia legislators have already agreed that there is a need for SOL reform for ESL students. To remove a principal based on test scores when legislation was recently passed in Virginia (HB241) specifically to address the unfairness of these tests for our students is inconceivable.

If there is concern for the academic achievement of our students, let's start with repairing our school building which is failing in multiple ways, addressing segregation that concentrates ESL & FARMs students in a few schools, and providing additional targeted resources. Let's not take away a principal who is willing to fight tirelessly for our students to have the same benefits as those elsewhere in our county. Let's not take away the one person who has devoted her entire heart and energy to our school, who knows not only the names of every single staff member and student, but the students' parents, guardians, and siblings.

The Randolph community is in total disarray. Students and staff are distraught. We have many unanswered questions, not least why a beloved, experienced, dedicated, and effective principal is being shown so little respect. Families and community members are worried about the future of the school and about the commitment of APS and the School Board to our school. We are worried about the IB program. We don't know how appropriate leadership – leadership that compares in any way to the outstanding leadership we have had – will be found. We are very concerned that we will lose other valuable teachers and staff.

We strongly urge you to reconsider the decision to remove Mrs. Bostick from Randolph Elementary School.

Sincerely,

The Randolph Parent Teacher Association Board
joined in signing by members of the Randolph community

Additional Signatories of the Randolph PTA Letter of Support for Renée Bostick

Note:

The following pages include signatures collected in person or via email between mid-day on Wednesday, June 15, 2016 and mid-day on Thursday, June 16, 2016.

The purpose of collecting additional signatories for the PTA Board's letter was to give individuals the opportunity to add their voices in support of the sentiments expressed in the letter.

The PTA Board and volunteers invited parents and staff members to sign in person during dismissal on Wednesday, at Extended Day and during drop-off on Thursday.

Information about the letter and the invitation to sign was posted to the PTA list serv.

The PTA president emailed the Douglas Park list serv and the Moms of South Arlington list serv to invite members of those communities to sign. (Those messages likely were also forwarded to other south Arlington lists and residents.)

Some individuals emailed expressions of support that did not specifically include a request to be named as a signatory. Those individuals were not included as signatories.

The PTA Board specifically agreed in advance to take a positive and informational approach to this process. We agreed before we began that our approach would be "accept no as a response and move on."

A total of **approximately 337** signatures were collected. We have reviewed the lists to try to ensure that no duplicate signatures exist; if a specific number is desired, we would need to do a more extensive review.

Greetings School Board,

I sign in support of the concerns raised by families and teachers of Randolph Elementary. Deeply concerned, while may be "allowed to do", that a community is being up ended with lack of ongoing communication within the whole community of Randolph. I am a resident in Barcroft and a parent of Barcroft Elementary. I am grateful for the sharing of energy and commitment between the two schools. Please reconsider the pace and the way the current decision is being made upon Randolph Elementary.

Thank you for your time and service,
Rev. Tara Spuhler McCabe
